

# IDB Invest increases COVID-19 response to US\$7 billion as crisis worsens

IDB Invest lending program: What's new?

What stays the same?

What are our goals?

How are we going to  
achieve our goals?

How will we prioritize demand?

## IDB Invest lending program: What's new?

	Pre-COVID	Post-COVID
Infrastructure, Corporate and Financial Intermediary Long-Term Financing	\$3,500	\$4,000
Trade & Supply Chain Finance (Short-Term Financing)	\$1,000	\$3,000
<b>Total</b>	<b>\$4,500</b>	<b>\$7,000</b>

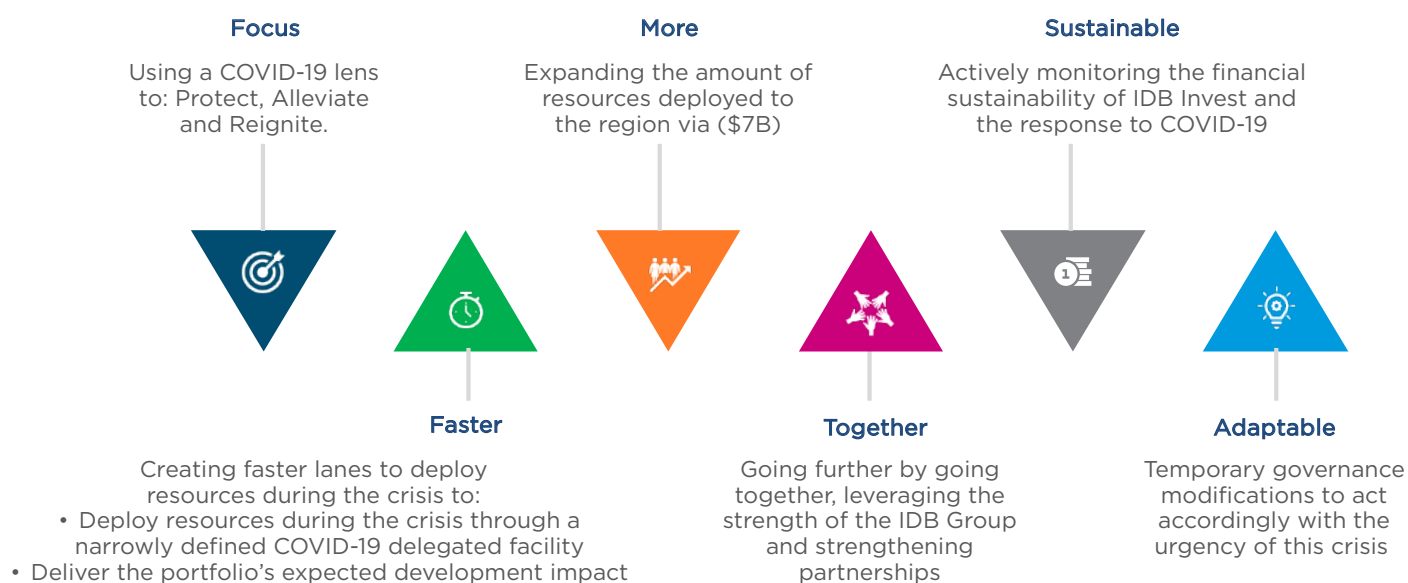

Millions USD\$

## What stays the same?

### Our commitment to:

1. Gender and diversity
2. Climate change mitigation and adaptation
3. MSME finance
4. Lower-income economies in LAC, especially small & island countries
5. Mobilization of third-party resources
6. Development effectiveness

## What values guide our work?

# What are our goals?

## Protect & alleviate:

We will finance projects that alleviate healthcare constraints, food security, maintain jobs, restore supply chains and sustain sources of income, especially for MSMEs.

## Reignite growth:

We will finance critical sectors to support the speed and quality of a recovery scenario.

## How are we going to achieve our goals?

### **1. Provide financing to Financial Intermediaries (FI)**

in connection with new operations for further on-lending to MSMEs.

### **2. Boost the Trade Finance Facilitation Program**

**(TFFP)** for Financial Institutions to sustain the sources of trade finance for LAC importing and exporting companies.

**3. Increase corporate lending** to tourism, manufacturing, agribusiness and technology sectors with a strong and clear impact to respond to the current crisis.

**4. Play a countercyclical role and continue supporting Infrastructure projects** to avoid delaying investments and help economic recovery.

**5. Provide advisory services** to help our clients respond to the COVID-19 crisis while at the same time continuing to address the sustainability challenges facing our region, such as climate change, gender equality and MSME inclusion.

## How will we prioritize demand?

- Contribution to the crisis (Protect & Alleviate, Reignite)
- Sound credit fundamentals
- Environmental, social and financial sustainability
- Contribution to corporate targets and the SDGs
- Ability to have a demonstration effect in local economies
