The Inter-American Investment Corporation requests proposals to Pre-Qualify International Transaction Counsel in Connection with Private Sector and Non-Sovereign Guaranteed Projects.

The Inter-American Investment Corporation (the “IIC”), a member of the Inter-American Development Bank (the “IDB”) Group (“IDB Group”), hereby invites law firms that are expert in providing legal services under the laws of the State of New York in cross-border financings, to seek pre-qualification to act as external legal counsel to members of the IDB Group for financing transactions to be carried out in the IDB Group’s regional developing member countries in Latin America and the Caribbean for private sector and non-sovereign guaranteed projects (“NSG Projects”).

The IIC finances NSG Projects with its own funds and those of third parties, including the IDB. NSG Projects take the form of, primarily, international project finance; international corporate finance; financial markets and lending to financial institutions for on-lending, capital markets and structured finance solutions, guarantees and risk sharing facilities, mobilization initiatives, equity investments and mezzanine transactions, trade finance and supply chain finance; as well as workouts, debt restructurings and enforcement proceedings in respect of any of the foregoing, all in connection with a wide spectrum of sectors.

The IIC is an international organization that was established in 1986 and began operations in 1989 with the mission of promoting the economic development of its regional developing member countries, which are located in Latin America and the Caribbean, by encouraging the establishment, expansion and modernization of private enterprises in such a way as to supplement the activities of the IDB.
