

IDB Invest's Environmental and Social Review Process

CLIENT ENGAGEMENT

IDB Invest and Client agree to work together. The Client receives a copy of IDB Invest E&S requirements:

IDB Invest Environmental and Social Sustainability Policy and the underlying IFC Performance Standards on Environmental and Social Sustainability

ENVIRONMENTAL AND SOCIAL (E&S) APPRAISAL

IDB Invest E&S Team conducts its due diligence (ESDD) process, which includes:

- Obtaining information about the Client's assets and management of E&S risks and impacts;
- Assigning a project categorization based on E&S risk;
- Conducting a site visit to the project's area of influence and meetings with company and relevant stakeholders to discuss project E&S aspects, unless project is low risk;
- Assessing the project against IDB Invest Sustainability Policy requirements; and
- Preparing an E&S Review Summary (ESRS) describing the project's key impacts and mitigation measures and E&S Action Plan (ESAP) listing the actions required by the Client to reach compliance with IDB Invest E&S requirements.

CONSULTATION AND DISCLOSURE

IDB Invest publicly discloses on its website the Investment Summary, ESRS and ESAP 30 days prior to IDB Invest Board approval. For high risk projects, the Client's E&S information is disclosed earlier in the process. The Client is expected to engage in stakeholder consultation commensurate to the level of project E&S risk, disclose relevant E&S information locally in the project area and maintain an ongoing dialogue with project-affected communities for project life.

FINANCIAL CLOSURE AND DISBURSEMENT

The legal agreement includes standard E&S conditions and specific ESAP requirements tied to specific milestones. Prior to each disbursement, IDB Invest verifies E&S conditions and ESAP requirements for compliance.

SUPERVISION MONITORING

The IDB Invest E&S Team supervises the Client's compliance with the E&S requirements and ESAP conditions on a regular basis. The Client produces an E&S Compliance Report (ESCR) annually on the status of the ESAP.

DIALOGUE

IDB Invest promotes an open dialogue with stakeholders interested in its projects. Queries by affected communities regarding projects are best addressed by the Client's Grievance Mechanism. The Client's contact information is posted on IDB Invest's website under "Projects." For more information, visit www.idbinvest.org or send questions to divulgacionpublica@iadb.org.

IDB Invest, the private sector institution of the Inter-American Development Bank (IDB) Group, is a multilateral development bank committed to supporting businesses in Latin America and the Caribbean. It finances sustainable enterprises and projects to achieve financial results that maximize economic, social and environmental development for the region. With a current portfolio of \$11 billion under management across 362 projects in 22 countries, IDB Invest works across sectors to provide innovative financial solutions and advisory services that meet the evolving demands of its clients. **Visit www.idbinvest.org**

The Business Case for Environmental and Social (E&S) Risk Management

ENVIRONMENTAL AND SOCIAL SUSTAINABILITY POLICY

Establishes the environmental and social commitment and requirements for all transactions supported by IDB Invest. It describes the focus for risk management and opportunities. It is underpinned by the IFC Performance Standards, a widely accepted standard in the international finance community establishing client requirements when receiving financing.

IFC PERFORMANCE STANDARDS ON ENVIRONMENTAL AND SOCIAL SUSTAINABILITY

- Performance Standard 1**
Assessment and Management of Environmental and Social Risks and Impacts
- Performance Standard 2**
Labor and Working Conditions
- Performance Standard 3**
Resource Efficiency and Pollution Prevention
- Performance Standard 4**
Community Health Safety and Security
- Performance Standard 5**
Land Acquisition and Involuntary Resettlement
- Performance Standard 6**
