This presentation includes statements that are, or may be deemed to be, “forward-looking statements”. These forward-looking statements can be identified by the use of forward looking terminology, including the terms “anticipates”, “believes”, “estimates”, “expects”, “aims”, “continues”, “intends”, “may”, “plans”, “considers”, “projects”, “should” or “will”, or, in each case, their negative or other variations or comparable terminology, or by discussions of strategy, plans, objectives, goals, future events or intentions. These forward-looking statements include all matters that are not historical facts. They appear in a number of places and include, but are not limited to, statements regarding the Issuer’s intentions, beliefs or current expectations concerning the Issuer’s economy. By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward-looking statements are not guarantees of future performance and the actual results, performance, achievements or industry results of IDB Invest’s economy may differ materially from those described in, or suggested by, the forward-looking statements contained in this presentation.
