

Environmental Classification and Issues:

This is a category III project according to the IIC's environmental and labor review procedure because it could produce certain effects that may be avoided or mitigated by following generally recognized performance standards, guidelines, or design criteria. Each subloan must comply with national environmental and labor laws, regulations, and standards as well as IIC environmental guidelines. To enable Microfin Uruguay to better understand and enforce the IIC's environmental and labor requirements, the institution must retain at least two representatives who attended the IIC financial intermediary environmental training workshop.
