

**Environmental Classification and Issues:**

This is a category III project according to the IIC's environmental and labor review procedure because it could produce certain effects that may be avoided or mitigated by following generally recognized performance standards, guidelines, or design criteria. All eligible companies and projects, as well as Garantizar SGR, must comply with national environmental and labor laws, regulations, and standards as well as IIC environmental guidelines. As part of the program, and to improve the labor and environmental assessment of its operations, Garantizar SGR staff members have attended the IIC environmental training workshop.
