

According to the IIC’s Environmental and Social Sustainability Policy this project has been preliminarily categorized as a ‘B’ transaction because it could produce certain impacts that may be avoided or mitigated by following generally recognized performance standards, guidelines, or design criteria. While all Performance Standards (PS) apply, the following are likely to be more relevant to this transaction: (i) PS1: Assessment & Management of Environmental & Social Risks and Impacts; (ii) PS2: Labor and Working Conditions; (iii) PS3: Resource Efficiency and Pollution Prevention; (iv) PS4: Community Health, Safety, and Security; (v) PS6: Biodiversity Conservation & Sustainable Management of Living Natural Resources; and (vi) PS8: Cultural Heritage. Key impacts and risks during construction shall be evaluated during the Environmental and Social Due Diligence. The environmental and social information related to this transaction will be available in accordance with IIC’s Disclosure of Information Policy requirements on IIC’s website at <http://www.iic.org/en/projects/project-disclosures> Portuguese version is available in the IIC Web Page.

***** AMENDMENT: The remaining documents has been included on December 19,2017.
